

# Decarbonising Transport

Transportation  
Conference

9 - 12 May 2021  
Hilton, Auckland

23 September 2021

To whom it may concern

I was the conference convenor as part of the Transportation Group Committee that worked closely with Harding Conferences to organise the 2021 TG conference held at the Hilton Hotel.

Harding Conferences were phenomenal despite a particularly tough year due to Covid-19 changing our timelines and venue selection limitations.

Harding Conferences worked incredibly hard to make this year's event look and feel just like their outstanding previous TG conferences despite any changes that needed to occur throughout the year. They also undertook this year's theme "Decarbonising Transport" and incorporated thought into each aspect of the event, using eco friendly materials throughout the event, providing bike and scooter parking, held meetings virtually throughout the year and provided a virtual attendance alternative.

It's the small touches in branding and thought behind the theme that I really appreciated. Overall, Glenda, Teresa and their team at Harding's worked exceptionally well to run a smooth world class conference. I would highly recommend Harding Conferences for any future events.

Sincerely  
Shendi Mani
